3. On-page

H1	Tail Spend Management Strategies: Direct vs Indirect Spend Explained
Meta title	Tail Spend Management: Direct vs Indirect Spend Strategies (58 chars · 535 px)
Meta description	Learn how to manage tail spend, how direct and indirect spend differ, and the strategies that cut costs and automate low-value purchases. (137 chars · 853 px)

Additional notes

Clean-up on the live page. Several statistics are uncited ("5 to 10% savings", "50 to 70% lower cost per transaction", "70% shorter cycle time"). The thresholds mix euros and dollars.

Claims to confirm. Any JAGGAER capability described in the automation section must be confirmed with Product Marketing.
