## Additional notes

**Content gaps and errors on the live page.** The conclusion says S2P is "the upstream, strategic part of S2C" and P2P the downstream part; it should say S2C is the upstream part of S2P. The S2C section also says "Source-to-pay is strategic in nature" where it means S2C.

**Claims to confirm.** The S2C, S2P and P2P definitions and the mapping to JAGGAER products must be confirmed with Product Marketing before publishing.
