AI Intake for Procurement: How It Works, What to Look For and How to Pilot It

Brief at a glance

URL slug	/blog/ai-intake-for-procurement (new; confirm no existing page and the blog folder)
Intent / content type / geo	Informational with commercial investigation (explainer and evaluation guide) · New blog post · US, English
Funnel role	MOFU evaluation guide. Passes link equity to the planned BOFU landing page /solutions/intake-management-software [confirm URL] with the anchor "intake management software", and to /solutions/jai for the AI layer. Do not use "procurement orchestration software" as an anchor.

1. Target keywords

Keyword	MSV	KD	Use in
ai intake	40	17	H1, intro, meta title, meta description, conclusion
intake ai	40	14	Opening definition and "What is AI intake in procurement?" H2
ai intake assistant	40	—	"What to look for in an AI intake assistant" H2
ai intake form	30	—	"AI intake vs traditional intake forms" H2
ai intake process	20	—	"How AI intake works" H2
ai intake automation	10	—	"How to pilot AI intake" H2 (what to automate first)
conversational intake ai	10	—	"How AI intake works" H2 (conversational request step)
replace intake forms with ai	10	—	"AI intake vs traditional intake forms" H2
ai pre-fill forms for intake	10	—	"How AI intake works" H2 (pre-filled fields)

2. Internal links and overlap

Destination	Anchor text	Placement
BOFU (planned): /solutions/intake-management-software [confirm URL]	intake management software	"What to look for" section and Next steps
/solutions/jai	JAGGAER AI (JAI)	How AI intake works
/need/ai-in-procurement	AI in procurement	Intro
/solutions/intelligence	embedded intelligence and AI	Governance and risk
/blog/intake-and-orchestration-in-procurement	how intake and orchestration agents work	Where AI intake fits (orchestration)
/blog/ai-procurement-intake-guided-buying	AI-driven intake and guided buying	AI intake use cases in procurement
/blog/intake-management-in-procurement [planned, confirm URL]	intake management in procurement	What is AI intake in procurement?

3. On-page

H1	AI Intake for Procurement: How It Works and What to Look For

Meta title	AI Intake for Procurement: How It Works and What to Look For (60 chars).
Meta description	What is AI intake? It guides a request in plain language, checks it against policy and routes it to the right channel. See how to pilot it. (139 chars · 818 px)

Additional notes

Demand. The opportunity is very small and mixed. "ai intake" is 40 in Semrush (KD 17) against 70 in Google (up 29% over three months and 80% year on year), so here Google is about 1.75x higher.

Claims to confirm. Any JAGGAER AI capability described, the governance statements, and the availability of intake features must be confirmed with Product Marketing and Legal.
