3. On-page

H1	Contract Lifecycle Management: A Guide to AI-Driven CLM Software
Meta title	Contract Lifecycle Management: AI-Driven CLM Software Guide (59 chars · 566 px)

Meta description	What is contract lifecycle management (CLM)? Learn the stages, key benefits and how AI cuts risk and speeds up contract cycles. (131 chars)

Additional notes

Why refresh. The current title and meta description are generic and the live page is short, mostly bullet lists with no FAQ and no direct definition block. Priorities: (1) a sharper title and meta description, (2) a 40 to 60 word definition under the first H2 for AI Overview and People also ask, (3) a deeper AI section, (4) FAQ with schema.
