Meta title	Spend Analysis in 2027: AI Trends and Strategies That Work (58 chars · 535 px)

Meta description	Explore the spend analysis trends shaping 2027, from AI to dashboards, and the strategies that turn procurement data into savings. (130 chars · 812 px)

Additional notes

Intent trade-off. The title is trends-led, but the page currently ranks for definition queries. Keep a strong definition H2 and an FAQ near the top to protect those queries.

Trends content. Every trend in the 2027 section needs a source (analyst report, survey or customer data) and Product Marketing review.

MRO spend variants (different intent), consultants, services, outsourcing, companies and vendors, and Excel terms.

Claims to confirm. Any JAGGAER AI capability described must be confirmed with Product Marketing.
