3. On-page

H1	Category Management: An End-to-End Guide to Planning, Strategy and AI
Meta title	Category Management: An End-to-End Guide to Planning and AI (59 chars · 572 px). The full H1 is about 657 px, so the meta title is shortened to avoid truncation.
Meta description	What is category management? An end-to-end guide to planning, strategy, process, industry practice and AI for procurement teams. (128 chars · 815 px)

Additional notes

Content gaps on the live page. The page is a hub of about 1,100 words, mostly one-paragraph teasers. There is no direct answer block beyond a short definition, no end-to-end diagram or summary table, no planning section (although "procurement category plan" is a top query), no FAQ and no author.

Claims to confirm. Any JAGGAER capability described in the tools and AI sections must be confirmed with Product Marketing.
