Additional notes

• Open with a 40-60 word definition directly under the H1, using "cost efficient" naturally.
• Add H2 sections: what does cost efficient mean, cost efficient vs cost effective (comparison table), and how to measure cost efficiency (formula and examples).
• Add an FAQ block: what is cost efficiency, what does cost efficient mean, cost efficient vs cost effective, how to calculate cost efficiency.
• Existing links (ebook, maverick spend blog, University of Virginia story) can be kept or replaced; use your judgement.
