Meta description	What is category management in procurement? Learn the process, tools, roles and best practices that turn spend categories into savings. (135 chars · 851 px)

Additional notes

Content gaps on the live page. The title promises "Best Practices" and tools, but the article has no best practices section and mentions technology only in the closing paragraph and CTA.

Claims to confirm. Any JAGGAER tool, AI or system capability described must be confirmed with Product Marketing, and the wording about alignment with CIPS guidance should stay factual, not imply endorsement.
