procurement process redesign	110	5	Principles 7 and 8, and the transformation section

2. Internal links and overlap

Destination	Anchor text	Placement
Adopt page [https://www.jaggaer.com/solutions/adopt]	in-app user training	Principle 8 (can replace existing link)
eProcurement page [https://www.jaggaer.com/solutions/eprocurement]	eProcurement software	eProcurement adoption section (new)
Source-to-pay page [https://www.jaggaer.com/solutions/source-to-pay]	source-to-pay platform	Transformation section and closing CTA (can replace existing link)
AI agent page (JAI) [https://www.jaggaer.com/solutions/jai]	AI procurement agent	AI adoption subsection (new)
Customer story: Virginia Commonwealth University [https://www.jaggaer.com/success-stories/virginia-commonwealth-university]	Virginia Commonwealth University	Principle 10 (training example)

3. On-page

H1	Change Management in Procurement: 10 Principles for Success
Meta title	Change Management in Procurement: 10 Success Principles | JAGGAER (65 chars)
Meta description	Learn how to approach change management in procurement: ten principles for eProcurement adoption and transformation. Read the guide today. (138 chars)

Additional notes

• Open with a 40-60 word definition directly under the H1; keep the ten principles as the core and expand each beyond 2-3 sentences.
• Add H2 sections: change management for eProcurement adoption, and change management in a procurement transformation programme. Add a short AI adoption subsection.
• Add an FAQ block: what is change management in procurement, how to manage procurement change, how to drive eProcurement user adoption.
• Existing blog links (COVID checklist, technology change management, agile procurement, Medium, ebook) can be replaced or kept where they fit; use your judgement. Replace the HBR/WalkMe source.
